### 1. [Finding Cooper's Voice](#)

Their mission has always been to show the beauty in severe autism and build a safe community for families to share the unique challenges of parenting a special needs child as well as celebrate the unique joys.

### 2. [World Cerebral Palsy Day](#)

World Cerebral Palsy Day is a movement of people with Cerebral Palsy and their families, and the organisations that support them, in more than 75 countries. The vision is to ensure that children and adults with Cerebral Palsy (CP) have the same rights, access and opportunities as anyone else in our society. It is only together, that we can make that happen.

### 3. [Hearing Like Me](#)

Hearing Like Me is a resource for parents who have deaf children or hearing loss. It is an excellent resource for parents who wish to share their story and communicate with other parents who are going through the same thing.

### 4. [Too Peas in a Podcast](#)

Listen to Mandy and Kate laugh (a lot) and cry as they chat to each other and friends about parenting multiples with disabilities and special needs.

### 5. [Hypotonia Foundation](#)

Their mission is to provide an inclusive Team Kit for hypotonic children so they know they always have a place to belong alongside others just like them.
